SPONORSHIP DETAILS
APPLIED AI CONFERENCE // 2024

ABOUT APPLIED AI

Applied AI is a conference, podcast, newsletter, YouTube channel, and monthly meetup that develops Minnesota's next generation of experts by educating business leaders on the tools, processes, and applications that are needed to implement solutions that use Artificial Intelligence (AI).

The organization runs regular events that involve training, learning, and sharing real-world projects where AI is applied to solve problems that impact our lives.

AppledAI is a 501(c)(3) that is part of Emerging Technologies North
